SINN FEIN REJECTS BRITISH PEACE OVERTURES

Irish Parliament Orders Soldiers to Prepare to Resume Fight With England

BUBLIN, Aug. 17.—The Irish peace negotiations were brought to the point of absolute collapse today when Eamonn de Valera, speaking in the Sinn Fein parliament, announced that the British peace offer would be rejected. Dail Eireann will draw up counter proposals which will be forwarded to Premier Lloyd George.

Next in importance to de Valera's speech was a general order to the officers and men of the Irish Republican army.

"A republic exists in Ireland now, and always will."

Sinn Fein soldiers were told to be in readiness to make greater sacrifices than they had in the past, if war is resumed.

The separation of Ireland from the rest of the United Kingdom dates from January 21, 1919, de Valera said.

The following order was read to all officers and men of the ranks of the Irish Republican army:

"Communications between the Irish Republican government and the British government have been made public and serve to emphasize towards the officers and men of the Irish Republican army the paramount importance of being prepared for every contingency that may arise from a military viewpoint. Now, as always, in safeguarding the rights and liberties of the Irish people, they depend upon the Irish Republican army. It is our business to be efficient and highly trained as possible, and ready for every emergency. No opportunity should be neglected in improving our drill and training, and in making ourselves truly effective soldiers of the Irish Republican army. The republic exists now and always will. It remains for us to do our best in its service, realizing that sacrifices we have already made may be less than those we shall be called upon to make in the future. The future lies with us if we do our utmost."

BRITISH GLOOMY REGARDING OUTLOOK

LONDON, Aug. 17.—The critical Irish situation was reviewed by the British cabinet just before noon. It was understood that Premier Lloyd George decided to make a statement to the house of commons later in the day. Official circles are pessimistic over the later developments at Dublin. The probability that de Valera's verbal rejection of the English peace terms would be followed by a formal message to London, was indicated by Sir William Sutherland, who gave the following statement to the International News Service:

"The cabinet met just before noon and I can state, as the result of new intimations from Dublin, the premier is in a position to announce the ministry's attitude to the house of commons late this afternoon or evening."

Officials of the Irish office are loathe to believe that the door to further peace negotiations has been closed. They admit that the situation is most critical, but say that regardless of the Sinn Fein rejection, the British government will not adopt an aggressive attitude in Ireland.

AMERICAN LEGION SENDS DELEGATES

With a shout and a hurrah six members of the Glendale branch of the American Legion will leave for the annual State Convention of the Legion which will be held August 22 to 26 at Camp Curry, Yosemite Park. The party will leave in two automobiles Friday night and expect to take in the sights along the way until Camp Curry is reached. The delegates from Glendale who will go north include E. O. Kiefer, James F. McBride, W. B. Kelley, Burt Richardson, Al Moniet and S. Knowles.

It is expected that upwards of 100 members of the various posts of the Legion in Los Angeles will make the trip to Yosemite to attend this convention.

THE CUNYS GO VISITING

Mr. and Mrs. Louis Cuny of Detroit who have been guests in the Brenkman home, are now in San Diego. After touring California they expect to return and locate in Glendale.

PICTURES RUSSIAN PRISONERS

REVAL, Aug. 16.—A 'gigantic picture of Russian life where men and women were herded together in small cells and condemned prisoners were stripped naked and executed in the middle of the night while a motor truck was driven up and down the prison courtyard to drown the noise of the firing, was painted here today by Captain Weston B. Estes, of New York, one of the six released Americans who came out of Russia last week.

SAVINGS BANKS TO ENCOURAGE THRIFT AMONG CHILDREN

Jonathan S. Dodge, state superintendent of banks, in an interview yesterday, discussed the statement at that time being issued by him to all state banks, concerning the importance of encouraging thrift among school children by the operation of savings banks. These operations, according to Mr. Dodge, are in the nature of a school savings system, whereby savings of school children may be collected in the schools through the teachers and principals acting as agents of the bank authorized to receive the deposits of the children.

Mr. Dodge pointed out that under the system as he hoped it would be enlarged, the habit of thrift would be strongly ingrained in the school children of the state, thus giving practical cooperation to the recent amendment to the political code, which provides that the teaching of thrift shall be a part of school study.

Mr. Dodge also said in part:

"In reviewing the statistics in connection with the school savings system, as operated in this state, I am struck with the significant figures showing that almost 40,000 school children of the state have more than \$1,100,000 savings deposits, and this with only 24 banks utilizing an opportunity which is open to every savings bank or bank with a savings department. In the fiscal year just closed, the aggregate school savings deposits increased \$300,000, and the total number of depositors increased by 7000."

"Nothing could be closer to the ultimate good of the state, to the teachings of good citizenship, to the economic education of the younger generation, and to the promotion of thrift, than a universal and familiar system of school savings."

"Should one bank in each county inaugurate and advertise this feature of savings banking, no one might estimate the volume of business which might be done, especially in view of the fact that in the last year, without encouragement or impetus, the total of school savings increased 39 per cent."

"Thrift is the foundation of many civic virtues. It must be taught in our schools. It must be encouraged by our banks. And the reward will be evidenced in better citizenship and a more stable government."

YOUNG COUPLE ON THEIR HONEYMOON

The cat is out of the bag—which means that a secret which has long been a secret is no longer a secret. A couple of popular young people, Miss Mildred Sternberg, daughter of Mrs. Flora Sternberg, and Al Moniet, 414 West Los Feliz road, one of the fire laddies of Glendale, are planning to leave Friday evening, on their honeymoon trip. Although the exact time of the wedding cannot be learned it is known that it will occur before Friday evening. The fire boys of Glendale are threatening to treat the "soon-to-weds" pretty roughly and for this reason the exact moment for the starting of the trip north cannot exactly be set.

After leaving Glendale these young people will take in many points of interest along the inland route to Frisco. On the way they will stop to see the big trees and will continue on into Yosemite, where Al will be a delegate from Glendale to the state convention of the American Legion, which will be held from August 22 to 26.

Miss Sternberg was honored Monday evening by a shower given by Mrs. Mae Burlingham, Miss Abbie Chambers and Mrs. James G. Lyons, the affair being held at the home of Mrs. Lyons at 122 West Palmer avenue. Twenty guests were present and the bride-to-be was the recipient with many pretty gifts. Ice cream and cake were served by the hostess at the close of the evening.

ARID EARTH WITHIN TEN YEARS, NOW W.C.T.U. BOAST

Delegates Assemble in Bay City to Outline Program for Drying Up World

SAN FRANCISCO, Aug. 17.—The "white ribbons" stormed San Francisco today.

With a new slogan of "a dry world in ten years," the delegates to the 48th annual national convention of the Women's Christian Temperance Union poured into the city today from all parts of the country.

"In ten years the world will be dry," Miss Anna A. Gordon prophesied today, and based the prophecy that in a decade "all round the world the white ribbon will be twined" on economic factors.

"The United States is the great human laboratory," she said. "In spite of evasion, violation of the law, more talk about liquor in certain sets than there ever was before, there is less drinking, less consumption of alcohol."

FLAGGS CELEBRATE THEIR ANNIVERSARY

Mr. and Mrs. Charles A. Flagg, who live at 149 South Pacific avenue, were the pleasantly surprised guests of honor Sunday evening at a celebration of their 26th wedding anniversary arranged by their daughter, Miss Gladys Flagg.

After the arrival of the guests, for the most part who were from Pasadena, where Mr. and Mrs. Flagg resided before coming to Glendale a few months ago, a short musical program was given by Miss Flagg and by Misses Thelma and Bess Strange. It included the vocal number, "I Love You Truly," sung by Miss Flagg, and the Lohengrin Bridal Chorus played by Miss Thelma Strange as a violin solo with piano accompaniment by her sister, Miss Bess Strange.

The guest list numbered: Dr. and Mrs. F. J. Cook and Mrs. Necker, of Los Angeles; Dr. Charles E. Flagg, Mr. and Mrs. Robert Flagg, Mr. and Mrs. J. V. Laning and daughter Martina, Mrs. J. A. Webb and nieces Thelma and Bess Strange.

PARTY PLANS LONG HIKE ON HORSEBACK

Mr. and Mrs. Oliver Clark and Dr. and Mrs. R. C. Lane, are leaving Friday night for an outing in the high Sierras, in country similar to the heights they traversed last year. They will motor as far as Andrews, above Bishop, where packers will meet them. From there they will travel on horseback with a guide, camping by the way, hunting and fishing. Mrs. Lane says it is the most scenic portion of the Sierras, and that they will go through the Piute pass and work south, coming out at Sawmill, back of Independence. The party expects to be away three weeks and to cover 125 miles on horseback.

MISS SULLIVAN IS GUEST OF HONOR

Again was Aileen Sullivan guest of honor at a pretty pre-nuptial affair given last evening by Misses Corinne Orff and Ruth Ryan at the Ryan home, 332 West Acacia. Present as guests were special chums of the honoree, Misses Louise Ayala, Lillian Schick, Dorothy Hunt, Naomi Berrier, Isabel Yates, Ruth Spafford, Mrs. Harry Ryan and Mrs. C. J. Orff, mothers of the hostesses.

Paper blue birds, the symbol of happiness featured the decorations and the package containing the gift of the evening to the bride-elect, a luncheon set of Madeira linen, hand embroidered.

Batchelor buttons of imperial blue centered the table at which refreshments were served about 9:30 after a program of musical numbers had been contributed by Miss Dorothy Hunt, pianist, Miss Isabel Yates, who sang and who was accompanied by Miss Hunt, and several compositions on the zither by Miss Orff.

WILL RUIN STREETS

Immense loads of baled alfalfa hay pass through Glendale nearly every day, and at sight of them one ceases to wonder why the good roads last so short a time. A frequent sight is 90 and even 96 bales on a truck and an equal number on the trailer pulled by it. As bales average 125 pounds in weight, that means a combined load of nearly 12 tons, entirely too much for a four-inch surfacing.

INVITATION TO DOG PARTY REFUSED

(By International News Service) BOSTON, Aug. 17.—The following cheerful message was contained in a recent letter from a Mohammedan father in India to his son studying in a large New England educational institution, who has become a Christian:

"If you were home I would give your flesh to the dogs. Now I shall be glad to hear that you are begging or that you have been put in jail. I will certainly kill you if you come home." The young man is not going home.

STREET NUMBERING NECESSARILY CHANGED

With the latest annexation project, that of the portion of Casa Verdugo west of Brand and north of the wash still remaining outside, some changes in street numbering will be necessary. Now, there are houses on Central avenue with numbers in 800 both above and below the wash, and on Melrose avenue, which does not extend south of the wash, there are numbers in 800. One street would have to be renamed, also—Park avenue—just south of the school house and extending west a block, as there is a well-known street of the same name in the south part of the city. Absolutely no pressure is being exerted by anyone in Glendale to influence residents of this section. If they come into Glendale it must be of their own free will, is the policy now prevailing.

PROGRESS IS MADE IN EXTENDING RAILROAD

Slowly the work toward the extension of the Glendale-Montrose railway from its present terminus northwest to the thriving town of Tujunga, a distance of something like six miles, is progressing. There has been talk of this proposed extension for quite a while, but this was necessarily preliminary to active work.

The first vital step toward establishing this extension was taken yesterday afternoon at the meeting of the Glendale Chamber of Commerce. At this session, it was decided that the railroad committee of the Glendale chamber should meet in the near future with the railroad committee of the Tujunga Chamber of Commerce, at the Glendale chamber's offices on West Broadway.

At this meeting it is expected that the ball will be started rolling. The joint committees will select a date for the meeting between themselves and the officials of the Glendale-Montrose railway company, at which session it is expected that some plan for immediate action will be made.

The railroad committee of the Glendale Chamber of Commerce consists of E. P. Hayward, chairman, C. E. Kimlin, Hartley Shaw, John MacGregor, A. W. Beach, R. C. Plume, secretary, N. H. Armstrong, Fred Deal and Max L. Green. All of these men are boosters of the most active sort and it is expected that when they begin work on this proposition something must "break." The committee from the Tujunga chamber also consists of "live wires," as may be supposed by the way they are going after the extension.

FUNERAL SERVICES FOR J. P. FANSETT

The funeral services over the body of J. P. Fancett, 510 Vine street, who met death in an auto accident Monday, in which he gave his life to save others, will be held tomorrow, 2 p. m., in the L. G. Covern company funeral parlors, Rev. B. Dudley Snauden, his former pastor, officiating. The Odd Fellows will have charge of the services at the grave. Interment will be in Forest Lawn.

WORKMAN INJURED

T. W. Schaefer was severely injured yesterday morning while assisting in the placing of a large steel beam in position at the plant that is being constructed on West Eulalia street by the Blossom Bee Honey Company. Although the beam struck Schaefer in a glancing way the blow was sufficient to render him unconscious for several minutes. Medical aid was summoned and he was later removed to his home.

WANT EASY MONEY? HERE IS A GOLDEN OPPORTUNITY

Anybody want \$10—want \$7—\$5, or \$3? A watch, or a parasol?

There are published today, two pages of advertisements of the local merchants of Glendale. Maybe some of them are new to you. But they do not feel particularly delighted about that. Maybe you are new to them. That's your fault. They're all here, doing business, fighting to keep every dollar Glendale has in circulation; keep it for Glendale, not to send it to Los Angeles.

Now, because some of you know them and some of you do not, these two pages of advertisements are printed.

To make ten dollars, and get acquainted with the best stores in Los Angeles county, all you need to do is to read all the advertisements then answer the questions in the order they are asked.

Each advertisement you see asks a question. It is a question involving a confession of ignorance possibly on your part. If you answer that question right throughout, and you are the only one that sends in your answers to The Glendale Press, you make \$10. The second to file answers, correct or nearly so, wins \$7, and so on down to \$3.

Now a bricklayer works eight hours for \$10. By using your phone, if you are not inquisitive enough to go to the stores and make acquaintances that will be worth while the next time you want to buy something and don't know where to go. It does not matter to The Glendale Press whether you are a big fellow or a little fellow, a bud, semi-bud or a post-bud. The money is here for the prizes. And you do not have to do anything but phone, visit or send to find out all the information necessary. There are no catches anywhere. Just the idea of getting you to get acquainted with your eager Purveyors to You Folks—the merchants of Glendale.

WORK OF L. W. CHOBÉ WINS HIGH HONOR

Possibly the highest honor that can be awarded to anyone by the Glendale Chamber of Commerce, the granting of a life membership in the organization, has been unanimously granted to L. W. Chobe of Sierra avenue. This was awarded to Mr. Chobe for his wonderful work in building the various floats that have brought first honors to Glendale in competitions held in Los Angeles and Pasadena. Possibly the best work done by Mr. Chobe along this line was in connection with the floats that won highest awards at Pasadena at the Rose Tournaments during the past two years and in the construction of the Glendale float in the Elk's parade not so long ago. Mr. Chobe goes in to win and he generally "lands the bird."

In response to the letter from the Glendale Chamber of Commerce, informing him of the awarding to him of the life membership, Mr. Chobe replied:

"I am in receipt of your letter of July 22, also of the life membership card of which I assure you I am proud. It gives me great pleasure to know that what little I have done has been so sincerely appreciated by your organization."

"I most heartily thank you and the Board of Directors for the honor conferred upon me, and I do assure you that I am with the Chamber of Commerce in any movement for the welfare and advancement of our city."

MATHILDA JOHNSON CLAIMED BY DEATH

Death has sanctified the home of Mr. and Mrs. Frank Johnson, who come to Glendale a few months ago and located at 346 West Myrtle. They are mourning the loss of a daughter, Miss Mathilda Johnson, who died Tuesday, August 16, at the age of 43 years, after an illness of nine weeks. For fourteen years she had been employed in the Broadway Department Store, Los Angeles, where her sunny disposition had won for her a large circle of friends. Born in Sweden she had been a resident of California for fifteen years.

Services which will be conducted by Rev. C. R. Norton will be held in the parlors of the Jewel City Undertaking company, Thursday morning, at 10:30, and interment will take place in Forest Lawn. In addition to her parents deceased leaves a brother, G. M. Johnson, of this city.

C. of C. To Consider Building Loan Drive

Southern California-Metropolitan Loan Association Explains Idea of Cooperation of Citizens To Overcome Local Stringency of Funds for Building Purposes

Building loans, on a cooperative basis, as the basis of a campaign of education, along the lines of showing what the people of a community may do for itself, when organized, coming within the activities of such organizations, will be considered by the Glendale Chamber of Commerce, following the start of the drive for the presentation of the facts about building loan associations, stated by the Southern California-Metropolitan Loan Association, in The Glendale Press yesterday. Its own announcement appears elsewhere in The Press today.

The matter was not brought up at the meeting of the Chamber yesterday, the length of the program already before the Chamber barring further work. It will come up at a subsequent meeting.

The Southern California-Metropolitan Loan Association has already \$100,000 loaned in home-building in Glendale. It has loans on 10 homes now under construction in the city, four of which were made to people just coming to the city, and six to people who had been paying rent in the city.

Loans of Homes Only

The Association does not loan for the construction of apartments, for the erection of stores, theatres, or any building where speculation is an element. It confines itself to the task of helping every man of thrift to put himself and his family under his own roof tree.

"And that is a program sufficiently large for any building loan association, or any kind of an institution, for it means peace, happiness, and prosperity to the country as well as to the individual," said Mr. S. L. Roland, general manager of the Association, who will come from his home in Verdugo Woodlands, every morning to the Association's office, at 113 West Broadway, to meet with Mr. Weyand and the Glendale Advisory Board, which is to be found every day at the offices.

"The building loan idea has passed through the fire of early days and because of its inherent worth as an American idea it is endorsed by the United States government," he said. "In fact, the ways and means committee of the congress has urged the exemption of building loan membership from income tax as the surest means of solving the house shortage of the country and decreasing the unrest of the land."

Home Makes Community

"For when a man has his own home he is a stockholder in the community in which he works and the waste in population represented by shifting of people is eliminated."

"The building loan idea, today presents the surest way for the accumulation of money with the maximum of safety. Comparing the older form of savings, you have availability of funds paid in installments of one dollar a month on a membership. In these days of the building loan, there are no fines or penalties for overdue payments. Instead, it is the law that should a member wish his money back he shall receive all of it back plus the net earnings on his money up to the day he withdraws from the Association. As everyone knows, such withdrawals from savings banks result in considerable loss of interest."

Earnings Not Interest

"We do not like to refer to such amounts as interest, for it is not interest; it is earnings on the money paid in installments from time to time."

"We have no other source of revenue than interest on loans made on homes. Therefore, every dollar we receive must be put out at once in such loans. Otherwise we could not have existed and maintained growth for all these years."

"Of course, as we have only memberships to sell, we wish those members to exert the full duty of membership, consequently the membership vote goes with the certificate of membership."

"Ours are the long time loans, covering periods of years, just as the purchase of membership certificates cover long time periods."

Protected From Runs

"We are protected from runs on our resources just as the savings banks are protected but our history shows that we have paid our earnings promptly, and met our fixed charges on investment certificates, and we have never yet asked any one to re-

turn the next day when he asked permission to withdraw what he had put in. During those thirty-four years we have been doing business this county has passed through some of the most severe panics the country ever experienced. Stable then, we are granite now."

"Your drive is actuated now by two factors. We are already heavy investors of funds drawn from the treasury of the association, in Glendale loans."

Element of Organization

"Anything that we may do, every bit of support we can draw locally, and every bit of support we can give locally, and every effort we can make to effect cooperation among the citizens of Glendale, one with the other increases the value of our present loans and permits us to expand our operations in Glendale. And we regard Glendale as one of the coming cities of the Southwest, hence we earnestly desire to have the majority of loans of any association in this district."

Pioneers in Glendale

"We realize that in time other building loan associations, will bid for memberships in Glendale. We are naturally eager to forestall them, having been a pioneer in the presentation of the building loan idea here, having developed a local organization and having the machinery and our past observations to guide us."

"To the merchant of Glendale we might say that by joining our association, he practically insures his trade remaining in Glendale and becomes a fellow member in the association with his new customers. For most customers here, are new."

HEADQUARTERS FOR NATIONAL GUARD IN GLENDALE

Glendale has been named as headquarters for one of the four battalions to be included in the regiment of the California National Guard, the formation of which is being completed this week in Los Angeles by Adjutant General Borree, who is here for the purpose. It will be known as the 160th Infantry of the 44th Division, and is the first regiment to be organized in the state since the war threw all former regiments into the regular army.

Quite naturally, the members of the Glendale companies, under Capt. T. D. Watson, with First Lieut. Whytock in immediate command, are all swelled up over the honor that has come to them. The two companies now number 107 men.

Another matter of outstanding personal interest to local guardsmen is the arrival and installation yesterday of three pool tables for the company armory, on North Brand. They occupy practically the whole east side of the main club room, to which a piano and a victrola will be added in the near future, together with chairs, tables, etc. Two offices fronting on Brand, and a supply room, complete the suite.

The Glendale unit had the largest company at the Yosemite encampment.

A. G. LINDLEY MAKES UP FOR LOST TIME

Immersed in plans for new churches or touring the country to supervise construction work, Architect Arthur G. Lindley has found himself very busy since he returned from the Yosemite about a fortnight ago, but he broke away for a Sunday outing at Catalina with his daughter, Miss Zelma Lindley, Gordon Smith and two sons, Doris and James. He reports that he has completed plans for the remodeling of the Santa Monica Methodist Church, has begun the work on drawings for a new Methodist Church at Garyanza, which will be of Spanish type, brick construction and plaster exterior, and has recently inspected the \$40,000 Methodist Church at Escondido which is nearing completion. Construction work has just commenced, he says, on the new church he has designed at Florence and Wilson avenues, near Huntington Park.

STEPHEN GOES BOOSTING

Little Stephen Krenzer, son of Mr. and Mrs. Val W. Krenzer, 425 North Kenwood, left Sunday with his aunt, Mrs. Homer J. Scherer, of Hollywood, for St. Louis, Mo., to visit Mr. Krenzer's parents, Mr. and Mrs. V. C. Krenzer. Stephen's fourth birthday anniversary, which occurs the 15th of next month, will no doubt be thoroughly enjoyed with his grandparents, and he hopes to persuade them to return with him to Glendale, when he comes in November.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of
Bladder Irritation or
Backache

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will be made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

AND THE PROGRESS OF HIS BUSINESS IS THE MEASURE OF HIS SUCCESS!

YOU WILL DO WELL to have L. H. ALLISON, of 105 West Broadway, figure on the redecorating of your home! Mr. Allison is not only an interior decorator in every sense of the word, but he has had years of practical experience and is thoroughly familiar with conditions right here in Glendale, for he is not one of Glendale's biggest boosters? Yes, indeed, he himself has been a resident of Glendale for the past ten years, and has been during all of that time engaged in the paint and paper business, and devoting a great deal of attention to the interior decorating side, also! When business was dull, Mr. Allison, appointed himself a committee of one to promote building—and started out by erecting two houses for himself! Since his arrival in Glendale Mr. Allison has been one of the most progressive citizens the city has known, always boosting and helping in every way to promote home industries—and keep prices lower! And this policy he has carried out in his own business, aiming always to maintain his usual high standard of goods, but selling for less than city prices!

JUST WHAT YOU'D WANT!
YOU SIMPLY MUST HAVE SOME of those good-looking Consolium Rugs from the ENTERPRISE FURNITURE COMPANY, in your new home—for they're not only very attractive, but they're so easy to keep clean! At the Enterprise Furniture Company, of 216 East Broadway, you'll find a large selection of handsome rugs, Brussels, Velvets, Axminsters and rag rugs in a variety of desirable sizes and colors. And the prices are popular, too!

A smartly gowned woman must take great pains with her hat—for it will either make or mar the entire effect of her costume! A chic little feathered hat of exquisite design, such as MRS. YARBROUGH of the YARBROUGH HAT SHOP, at 108 West Broadway, is showing, is just the chapeau for early fall! Her fall showing also embraces an excellent line of duvetyne, felt and satin models—all of them distinctively designed. There are all of the new popular shades represented, and in the most desirable combinations, too! And the prices on them are amazingly low!

MISS OLIVE PIXLEY NATURALIZATION EXPERT

Several days ago a Los Angeles newspaper published a picture and gave an extended write-up of a visiting lady from Tennessee, who was heralded as the only lady examiner in the Naturalization Bureau of the United States. The Daily Press mentioned the same thing in a brief article sent by the press association which serves us, thereby doing great injustice to a most deserving young lady of Glendale, Miss Olive Pixley, 116 West Lomita avenue, who has worked nearly four years in the Los Angeles department of the Naturalization Bureau and is now one of the examiners by regular appointment from Washington. When Miss Olive stated her desire some months ago to become an examiner she was told it was absolutely impossible as she would have to pass a most rigid examination that required a considerable knowledge of the common law of the land. Nothing daunted, she went quietly to work to acquire a thorough knowledge of the laws governing naturalization and kindred subjects, taking a one night a week university course and studying hard every night at home. Her examination papers went to Washington, where they were examined by two boards, not a member of either knowing her name or anything about her. Her grade was unusually high, 90 per cent, and she received her appointment, for which she was publicly complimented by Judge Bledsoe.

Miss Pixley has been for years one of the most trusted employees of the Los Angeles office, which is under the charge of Fred Jones. She conducts many of the examinations of applicants for naturalization and her work is always satisfactory to her chief. The work has been the heaviest ever known, for the last few months, on account of the imposition of the \$10 poll tax on all aliens and records have been broken nearly every day.

Miss Olive is now taking the month's vacation allowed her and is spending it at Big Bear, with a party of young lady friends.

A magazine writer asks what becomes of worn-out inner tubes. Has the gentleman tried a rarebit lately?

THEY WILL PLEASE HIM!
TO THE MOTHERS OF THE MEN OF TOMORROW! ROBINSON'S MEN'S SHOP, at 116-A South Brand boulevard, is also a Boys' Shop, as they carry every thing that either a man or a boy might wear! For the young man of any age you will find just the right outfit at Robinson's! Yes, indeed, and Tom Sawyer Blouse—be proud of his Tom Sawyer Blouse—and take pains to keep it clean! Nor would he object to changing his clothes for dinner, if he might don his new Tom Sawyer Shirt! It would be a joy to keep his Jackie Coogan tie always neatly tied, for would he

YOUR KITCHEN SHOULD

BE YOUR JOY!
THERE IS REALLY NO REASON why every woman's kitchen cannot be as pleasant as the rest of her home!—and certainly not if she takes advantage of the exceedingly low prices on attractive kitchen-ware at FISHER'S VARIETY STORE, of 212 East Broadway, this week! Fisher's have just received a new shipment of All-White and Blue-and-White Enamelware—triple coated on a heavy steel base! There are sauce pans, rice boilers, dish pans, coffee pots, tea kettles, everything even to spacious preserving kettles! And it is such a joy to cook with lovely new pots and pans, isn't it?

Fruit and flower-trimmed felt hats are having a great vogue.

YOU WHO HAVE SEEN IT KNOW IT BETTER THAN WORDS CAN TELL

REALLY WORDS FAIL ME! I cannot commence to describe to you the wonderful new Universal Electric Toaster, at the GLENDALE ELECTRIC COMPANY, of 132 North Brand boulevard! It is the very latest—in fact the first of its kind to be put on the market! Because of the easy swinging breadholder, which holds the bread securely in place and reverses with just the slightest touch of the finger, the toast is brought so close to the heating unit that but half the usual current is required! The toasted bread may be quickly removed without the slightest danger of burning one's fingers, too! And aside from its practical value, this new Universal Toaster is of exquisite design, silver plated, and really a delightful fixture for any table!

Suit skirts will be simple, but often have an embroidered border.

MIGHT HAVE BEEN SERIOUS ACCIDENT

How a bad accident was averted, how a plumber secured a job, how a daily newspaper got a subscriber, was quickly demonstrated on Wednesday in Glendale.

Mrs. Wm. J. Schaeffle noticed trouble with the water heater faucet. She could not turn off the water and the instantaneous heater was becoming dangerous. A copy of the Glendale Daily Press that had been left at the house revealed the advertisement of Hunesberger, the plumber. He was called for, came and did a good job, besides securing a regular patron. The Glendale Press secured a new subscriber.

PEERLESS COMPANY OPENS FOR BUSINESS

Another company of boosters has just come to town. The Peerless Home Building and Investment company has just taken possession of the room at 212 South Brand. This company, which consists of Theo. Fleishmann, H. G. Schuck and A. B. Schuck promise that before many months they will have things humming. They are starting out well by announcing that they will, within the next few days, begin the construction of four new homes on their tract at the corner of Adams street and Maple avenue. The Messrs. Schuck are formerly of Oklahoma, while Mr. Fleishmann hails from Philadelphia.

The block upon which this firm will begin operations at once consists of five acres, which have been subdivided into 23 building lots. The homes that will be constructed will be four and five room structures and will range in cost from \$4000 to \$5500. This firm is the original builder of the Peerless Homes, which are strictly up-to-the-minute and contain many new and novel features. Special designing also will be done to order. The operations of this firm will cover financing, designing, building, contracting, subdividing, general real estate, loans and insurance.

Mr. Fleishmann of this company will soon begin the construction of a home for himself and family at the corner of Maple and Adams. This will be of five rooms and will be a beauty.

There are still communities in which the height of society gaiety is represented by choir practice night.

When salesmen build a business, you can't tell whether it is sound until the credit department has billed the customers.

not then be oh! so very much like that young gentleman himself? With good-looking knickerbocker pants, in wool, corduroy or khaki, and well made Black Cat Stockings, he will then be well dressed, and serviceably too, for school or play! For "best" Robinson's also have a fine line of boy's suits in all of the new fall colors, and models, with dandy boyish caps to match! Perhaps he prefers riding breeches and puttees, these too, you'll find at Robinson's, and at most reasonable prices! After all, isn't the Men's Shop the logical place to buy an outfit for your "son and heir?"

COMFORT AND SATISFACTION!

DAINTY WOMEN APPRECIATE the exceptional merits of such dainty and serviceable muslin wear as the Plume Brand undergarments. They're delicately fashioned of Windsor crepe or nainsook, and beautifully finished with a handsome trimming of either hand embroidery, or lace! HATZ'S of 132 South Brand boulevard, are offering these lovely garments at quite extraordinary prices—for instance, the loveliest of gowns are priced at \$1.95 to \$3.95, and you can't imagine such "Teddy Bears" as they are offering at \$1.25, \$1.50, \$2.25 and up to \$2.95! There are also good-looking "Plume Petticoats, prettily trimmed with either lace or embroidery at \$1.25, \$1.50, \$2.00 and \$2.50! A particularly good value at Hatz's this week, too, is their offering of French bloomers in Windsor crepe at only \$1.00 per pair! Of course, they also carry several other fine bloomers, in batiste, American satin and crepe, at prices that range from 75c and \$1.00 to \$1.50 and \$1.95! This is really an excellent opportunity for you to lay in a supply of attractive and serviceable undergarments, garments that will give comfort and be just a joy every time you put them on, and at exceptionally low prices!

When making French fried potatoes they are often too hard all the way through or too soft, and not crisp on the outside. This can be prevented if they are soaked first in cold water, then put for a moment in hot water, and then dried on cheese-cloth. Potatoes prepared in this way will be crisp and light brown on the outside and soft inside.

A few drops of oxalic acid on unpainted boards, will lessen the task of scrubbing, wonderfully.

PRESBYTERIANS TO REVIEW PLANS OF NEW CHURCH

A red-letter event will be the joint meeting and banquet of the three official boards of the Glendale Presbyterian church, Thursday evening, because Architect Robert H. Orr will be present and the plans and elevations of the long-desired new church will be visualized and submitted for criticism. For that reason, the affair is anticipated with no small interest.

Pastor W. E. Edmonds expects that suggestions will be made which may lead to minor changes, and then the plans will be presented to the women of the church at a meeting to be held Tuesday afternoon next. They will be asked to pass upon the arrangements for the banquet hall, kitchen and social departments of the church. After the plans have been approved or changed by these two meetings, the joint boards will make recommendations to the congregation, which will be asked to vote upon the matter and to instruct the officers of the church to call for bids.

In the meantime, the board of trustees, of which T. W. Preston is chairman, will be taking steps to effect the sale of the two houses on the property at the corner of Harvard and Louise streets, where the new church is to be erected. It is the hope and expectation of the church to have the three lots cleared and ready for building operations before the contract is let.

At the banquet Thursday night, covers will be laid for the following: Elders—H. H. Schumaker, W. G. Boyd, R. P. Isitt, clerk; R. A. Peterson; H. L. Finlay, W. J. Glendenin, G. G. Lemon, H. L. Howe, J. A. Newton, H. L. Brown, J. W. Cooper, J. E. Colvin, M. P. Harrison, J. R. Baker, G. D. McDill, H. M. Stadt, J. Horsch, H. L. Tepe.

Deacons—H. L. Lawrence, G. B. Porter, N. H. Stanley, G. F. Daugherty, H. C. Rettburg, W. C. Harris, J. K. Glickerson, chairman; R. T. Lyons, W. E. McCormick; secretary; J. W. Boyd, F. G. Taylor, S. A. Forrester, F. A. Buck, R. D. King, R. C. Kelley, F. W. Harper, J. H. Culver, J. B. McAllister and W. B. McLaughlin.

Trustees—T. W. Preston, chairman; J. M. Fife, W. S. Perrin, C. E. Boss, J. B. McClellan and T. Welen.

A heat wave is not quite so bad as a crime wave. The psychologists don't waste so many words trying to explain it.

YOURS FOR THE ASKING!

HAVEN'T YOU OFTEN thought of certain things you should enjoy doing—or having, "if you had the money?" The power to have all of the things about which you have dreamed, is right in your own hands! If you had been depositing a small amount each week, at the FIRST NATIONAL BANK OF GLENDALE, on the corner of Brand boulevard and East Broadway, you would now be able to buy that automobile, or home, or take that trip for which you have hoped and planned so long! Savings accounts at the First National Bank grow rapidly into tidy little nest eggs, for they earn a good rate of interest! Just sit down and figure how short a time it will be before you can afford to have the pleasures you want! When you have amassed a small amount, you will then be able, through the First National Bank, to invest your capital in absolute securities, where it will soon double and treble—and then—but no, you must finish the picture for yourself! Suffice it to say that everything in the world that you want is right within your grasp if you but \$50 as the First National Bank and make the first effort—open a Savings account earning interest at the rate of four per cent! Your money will then be working for you, and you will not much longer need to work for your money!

TO "DRIVE THOSE BLUES AWAY"

in a glorious evening of pure bliss, engage the BRUNSWICK SHOPPE MELODY MAKERS for your next dance! If Kenny Whaley's Orchestra is supplying the music, it is impossible for anyone to help having a good time—why, you simply can't keep your feet still! There are five of the Melody Makers, each and every one of them a professional gloom-chaser—and they guarantee to make your party a successful one—one to be remembered by your friends for months to come! And, another thing—they're local artists—"home grown" every one of them! Of course, they are exceedingly popular, so you'd better stop in at the new Artistic Brunswick Shoppe, at 126 South Brand boulevard, and book them for your next affair as soon as possible! And, my! what a wonderful dance it will be, with just the snappiest and peppiest dance music imaginable—for the Melody Makers are all of them "live ones"! It's the Brunswick Shoppe Melody Makers who are to furnish the music for the next Elks' dance, on the 27th!

GYPSIES HIT HIGH

WATERTOWN, N. Y., Aug. 17.—The Northern New York gypsy has abandoned the old horse-drawn vans with their herd of ancient and worn animals trailing along for trading purposes. Instead many gypsies are touring this section in a fleet of motor cars. The spirit of barter continues with the gypsy, notwithstanding his advanced means of transportation. He will trade anything he has, even his auto, if there be a proper allowance to boot.

SAN FERNANDO FAIR DATES CHANGED TO SEPT. 19-24

One hundred and fifty of the most prominent business men in the town of San Fernando at an enthusiastic fair booster meeting have changed the dates for the San Fernando Valley Fair from September 13-18 to September 19-24.

The change of dates was found advisable owing to the fact that the former dates conflicted with the dates of the State Fair at Sacramento. The northern fair will close on September 11, which would not allow for the shipment of stock to San Fernando in time for the opening day.

With the new dates set the San Fernando people feel that they can give the fullest cooperation to the State Fair and will receive the fullest measure of cooperation in return.

The fair to be held in San Fernando, which is the official Los Angeles County Fair, has grown to such a tremendous size, and the idea of making it the largest fair ever held in Southern California has taken such a strong hold on all the Valley people that in spite of the necessity of raising \$15,000 for additional expenses, the Chamber of Commerce of San Fernando at this meeting went on record pledging itself to raise the sum of \$6000 in addition to the amount they had previously subscribed for stock. Assurances have been made that a further sum of not less than \$9000 would be subscribed in promoting this big fair.

Several hundred head of cattle, sheep and swine, together with 120 head of blue-blooded horses have already been entered for the Valley Fair and the change of dates will permit all the exhibitors to ship their stock from Sacramento in time for the opening date.

Entries have already been received for the Night Horse Show from far distant points in Oregon, and the greatest horse show ever held on the Coast is assured.

OWNERS OF CLUB GARAGE GO TO MINE

W. W. Miller, one of proprietors of the Club Garage, Glendale agency for the Sheridan car, left this morning for a trip of about ten days through the mountains in San Diego county. Miller will be accompanied by Mrs. Miller and several ex-soldier boys who are located at the Thorneycroft sanitarium. While away they will visit the terminal mines belonging to J. T. Murphy, the other partner in the club garage, located in the mountains near Escondido. At the mines they will construct a cabin and install a small electric lighting plant; after which they will leave for San Diego and will run over into Mexico for a day or so. Shortly after this party returns Mr. Murphy and party will leave for a jaunt over practically the same territory.

WEDNESDAY, AUGUST 17, 1921

GOOD MORNING

There are five new families in Glendale every morning, who came from everywhere.

Who are they? Did you meet them? Did you say "Good morning today to any of them? What are they here for? What are you here for? What is sought? What is found?

Suppose you say "Good morning" to them and find out. What would you find?

You would find that they are only units in the vast army of people who are moving into Glendale, changing the whole character of the city—absorbing and ignoring the old city, the old slow city—bringing with their household goods new ideals, new thoughts, tested experiences, ripened judgments as to cities and relations. You would find they are units of individuals who are seeking to express themselves as a part of the whole social unit of Glendale, as it is being made over and transmitted by the assembly of people mustered by the call of the various advantages of this district.

Say "Good morning" and do your part toward uniting these people to you personally and, through you, to those whom you already know and with whom you associate. Draw them into the Chamber of Commerce, for the strengthening of the business consciousness of the city; into your social life, for the enhancing of the social consciousness of the city; into all your activities, to the end that you will have a large field of contact and that they may cooperate with that which you most desire—a wholesome, happy, consistently American city.

That from which the people of Glendale suffer most is its social heterogeneity. Every man is a unit, a stranger, to the next man. He does not know where to trade best; he does not know with what to align himself, for organizations for that purpose have not been formed. Even the business men do not yet all fire the neighborly "Good morning" these bright mornings, for so many are new and untested in the business circles of Glendale, although they bring with them worthy credentials from elsewhere.

So The Press greets the great drive of the Chamber of Commerce today for new members. It wishes that every man, whether in business or retired would join the organization. The cost is trifling—the force of consolidation dynamic.

The Press also welcomes the drive of the Southern California-Metropolitan Loan Association. The monthly payments on membership shares or investment certificates is trifling compared to the social value of organizing a strong body of locally interested individuals of various degrees of wealth with the united avowed purpose of building up the home districts of Glendale.

If the Chamber of Commerce was a sporadic organization it would be worthless. If the Southern California-Metropolitan Loan Association had not interested itself in Glendale until it attained nation-wide publicity as the most rapid-growing city in the United States, this association would be unworthy of serious consideration as a social organizing element in the city. But the association, long before the city achieved notoriety, or publicity, had already invested \$100,000 in this community in home building. It is a sterling, stable organization, and it will be here 50 years from now, as it has been already operating in the county for 34 years.

Both the Chamber of Commerce and the association, therefore, are proven institutions and at present the only organizing elements available for the assimilation of newcomers.

So, again, say "Good morning" to the newcomers. Join your Chamber of Commerce yourself, and join your building loan association yourself, and draw the other man into them, as an individual custodian of the welfare of the city, its new citizens and its interested institutions.

There seems to be more permanent waves than wives nowadays.

Occasionally one meets a self-made man who keeps quiet about it.

Many a tail-spin turns out to be a sad tale.

Her Loving Notes

"Your wife must be awfully in love with you! She has written to you every day since she has been away."
"They are only little notes to tell me to send her something she forgot to put in her trunk."

Same Symptoms

Simpson (greeting his old friend)—
"Why, Jones, it's ages since I saw you last. Married now, aren't you?"
Jones—"No, no, old man, it's not that. Just business worry and nerves."

Rank Extravagance

Insurance Agent—"But you surely agree to taking out an insurance policy to cover your burial expenses?"
Wily Scot—"Na, na, mon; I might be lost at sea!"

Expensive Luxury

"You ought to have a chauffeur. Can't you afford one?"
"I might afford the chauffeur," replied Mr. Chuggins. "But I couldn't afford the kind of a car he'd want to take his friends out riding in."

He was one of the few remaining old-time darkies. He had finished the odd jobs for which he had been employed, and, hat in hand, appeared at the back door. "How much is it, uncle?" he asked. "Yo' say how much. Jest whatever yo' all say."

missis." "Oh, but I'd rather you'd say how much," the lady of the house replied. "Yes, ma'am. But, ma'am, Ah'd rather had de 75 cents yo' all would gimme dan de 50 cents Ah'd charge yo' all."

An Ounce of Prevention

Sally (the Farmer's wife)—"There's a letter from a London lady this morning, Timothy, as wants to take a hopen-air cure at this 'ere farm in the summer, and asks if we have a bathroom. What am I to say?"
Farmer—"Write and tell her the truth at once, Sally. Say she'd better have her bath the day before she comes here."

One Burst at a Time

She—How about that present of a sunburst you were going to give me?
He—How can I give you a sunburst when the bank's burst?

"France is very hard up for food," said President Barrett of the national farmers' union. "The French farmer has got France by the throat. High prices, low quality—that's the farmer's idea over there. One day in a Paris restaurant a doughboy ordered a boiled egg—five francs, or \$1 in our money. The doughboy tasted the egg, then he called the waiter. 'Waiter,' he said, 'I can't eat this egg. It's bad.' 'Have you tried the other end, sir?' said the waiter."

WOMAN'S COZY CORNER

By JOSEPHINE FRANCE

Are You a Social Liar?

It was a supposedly ethical, conventional woman who made the following remark the other day: "Our husbands make thieves and liars of us." A husband to whom this remark was being quoted, replied: "The reverse is true. Our wives make thieves and liars of us."

There are two sides to every question, two viewpoints, and we usually come around to the conclusion that both Mr. Pro and Mrs. Con are responsible.

Traveling around the country and being in many homes, one sees many illustrations of social lying and stealing, social subterfuges. If one also does settlement work at the mines (in the coal districts), one sees this fault (or sin, or subterfuge, whatever it may be called), in its grossest, most sordid form.

One woman has seen it from all angles—in the homes of the well-to-do and in the city slum and rugged mountain village. It is the same everywhere—with differences.

Picture to yourself a family gathering for the noon meal—the husband home from his store, the children in from school, and the tired mother hurriedly setting the repast.

An older girl seeking to placate a crying little sister, goes to a bureau drawer and draws out a pair of bright red mittens, saying: "Look, see! Baby put on her pretty new mittens."

A resounding slap on the ear of the young girl is dealt by the impatient mother. One quivers and wonders at the monstrosity of such treatment. Later, one is told by the repentant mother that the father is "very close" and "raises the roof" when anything new is bought. This is a true story. The father is considered a fairly good provider, but the mother must resort to all kinds of subterfuges to clothe the children decently.

A reverse picture is presented as follows:

This time it is a new fur coat that is desired greatly by a young and beautiful matron. It cannot be purchased for less than \$500. The husband has stated to his wife that he cannot afford this, and to compromise with a \$200 suit. Marvelous, indeed, the strategy, the chicanery that is enacted under one's horrified observation. The household account is padded, good garments are sold at a discount and some given away (so that the need for a coat seems greater), club and church dues are extended over to the next month—anything and everything to secure the coat.

With this thieving and lying go soft cajolery, sweet blandishments, many kisses—and the husband is tricked into acquiescence, even offering grateful comment over his wife's splendid appearance in the new garment!

Of course, he must work the harder, perhaps he will smoke more than is good for him in order to forget the bills, but, after all, anything to placate the wife.

Women, as a rule, like to skip and save on little things and go to the other extreme in larger matters. There is much of the squirrel instinct in most of us. We "save up" too many things instead of making them interest-bearing.

Of course, you, reader, never lie nor steal. It is only the "other women" who lie with their eyes and lips in order to cajole the husbands into buying this thing or that. "Other women" prevaricate about servants' wages, amounts paid for articles, rents, the use of their time, the lateness or poorness of meals. Our exaggeration of matters often amounts to a lie.

Wouldn't it be wonderful if we could be absolutely honest with each other—husbands and wives? Couldn't we work and plan to better advantage if we could thoroughly rely on every statement made, every bill rendered?

ART NOTES

Rembrandt's picture of his brother has just been presented to the Louvre by Count Potocki. It is one of the most beautiful Rembrandts known.

Zuloaga has just acquired the house in which Goya was born at Fuente da Todos, near Saragossa, Spain. He has converted the house into a Goya museum. The humble house is still inhabited by the Lucientes, direct descendants of Goya, who for generations have been shepherds. Zuloaga has also given the village, which previously had been without such an institution, a boys' school, which bears the name of the Goya school.

Two more portraits of Gilbert Stuart have been added to the permanent art collection of Bowdoin college. Their subjects are General Dearborn and his first wife, and they are admirable examples of Stuart's style. They are the bequest of Miss Mary J. N. Clapp, of Portland, Me. Taken together with the five other Stuarts in the Walker art gallery of Bowdoin college, they form an interesting group of his work.

Not only has the \$2,000,000 Kimball collection been added to the art

treasures of the art institute of Chicago, but famous originals from another collection have recently been acquired by bequest. In the will of the late Mrs. Potter Palmer she requested that \$100,000 worth of pictures be given to the art institute. The selection was left to her heirs. There are about forty Palmer paintings on view at present, including a full length portrait of Mrs. Palmer by Anders Zora, several Corot landscapes and other paintings by Pissarro, Whistler, Edouard Manet, Delacroix, Raffaelli, Puvis de Chavannes, Gari Melchers, J. C. Cazin and Millet.

Only nine pictures, three of them by American artists, were sold at the big international exhibition at the Carnegie institute which was closed. The attendance during the two months was 50,000.

A bust of President Warren G. Harding by J. Massey Rhind was unveiled at Niles, O., June 18. The work was commissioned by Joseph G. Butler, Jr., of Youngstown, O., who had planned the McKinley memorial and more lately has given a museum to Youngstown.

COMMENT BY OTHERS

ART AND PRACTICE

A child of eight shows marked aptitude with the violin or the piano. What happens? For ten, fifteen years there follows practice from seven to ten hours a day. At the end of that time if the early promise is fulfilled, the world has another finished artist, able to say through the medium of his instrument what he feels.

Another child, say of 10—for they generally begin a little later—shows the same aptitude in written composition. What happens—constant, steady practice, as in the case of the musician? Not once in a thousand cases. Maybe once a week a piece of work, praised rather than criticized by relatives or haphazard instructors; in ten or fifteen years the same aptitude, amplified a little, but not organized, refined, developed, trained; another third or fourth rate writer let loose upon the world, which is overrun by thousands of the same sort already.

True, music calls for the development of a mechanical skill which composition does not. True, the assertion is constant that writing is creation, while playing on a musical instrument is only reproduction. But this assertion is hardly tenable. Padewski is not much of a composer, but does anybody challenge his right to be called a creator? Gail-Curci probably never wrote a song, certainly never a song that rose above mediocrity, but she has moved the hearts and molded the feelings of hundreds of thousands, and what is that accomplishment but creation?

The fact is that young musicians take their art seriously, and young writers do not. Which is the probable explanation of the flood of cheap stories, of cheap essays, of cheap criticism.

icism, through which we struggle nowadays and which we are taught to call literature.—Chicago Herald-Examiner.

Numerous politicians have suggested candidates for the governorship of California, to be elected in November, 1922. This paper takes pride in suggesting the name of Friend W. Richardson, the present efficient state treasurer. Of all the men proposed we know of none who stands higher in public esteem because of sterling honesty, integrity and ability. Richardson is no flamboyant political orator, who would hypnotize the people of California with vague and indefinite promises. He is more than that: he is a conscientious man with high ideals, believes that public office is not a sinecure, to be used to personal aggrandizement.

Never since Richardson has been in public life has he been criticized by the press of the state. For the nineteenth consecutive time he was this summer unanimously elected president of the California State Editorial Association.

If this is the kind of man the electorate of California wants for its chief executive, and certainly the time has arrived when the Golden State has had enough of the extravagant political rule, Friend W. Richardson is the man of the hour.—Ceres Courier.

A Bone on Fido.

Rover, the Mastiff—Ah, Fido, my boy, these are sacred grounds hereabouts. Don't you know that the bones of your master's ancestors are buried in here?
Fido, the Terrier—Well, well, that accounts for it, then. I've run across several strange bones lately, but I laid 'em onto that new dog down the road.

TIMELY VERSE

It's no credit for you to be smiling
When nothing but gladness you see;
For a smile will appear
When the heart's full of cheer
And you're happy as happy can be.

But when sorrow is crowding your
pathway,
And trouble on trouble doth pile;
When you catch not a sight
Of a beam that is bright,
Why then 'tis a credit to smile!

Glendale Chapter of the American Red Cross is planning an intensive campaign for using clothes for shipment to needy persons in Central and Eastern Europe. This phase of the foreign production program is being conducted in cooperation with the American Friends Service Committee. Nation-wide appeal for contributions of used clothing is being made through The Saturday Evening Post, The Ladies Home Journal, and the Country Gentleman, in which prospective donors are instructed to get in touch with the nearest Red Cross representative or Chapter.

The call is for all kinds of warm and serviceable clothing in good condition, or for materials out of which to make garments. The local Chapter will receive contributions during August, and every interested citizen in Glendale is urged to remember that some garment he can do without may be just the garment that will save the life of some suffering child. Garments for all ages are badly needed. They should be clean and in good repair.

Distribution is made in Czechoslovakia, Austria, Hungary, Poland, the Balkan and Baltic States, by the American Red Cross, through its Child Welfare Units, and other distribution machinery, and in Poland, Austria, Germany and Russia, by the American Friends Service Committee. Working in close cooperation in the countries in which both organizations are active, their representatives are careful to avoid duplication of effort.

Clothing may be left at the fire stations on East Broadway and Los Feliz road, and also at 347 North Brand Boulevard.

MRS. H. E. BARTLETT,
Chairman.

BROTHERHOOD PAYS TRIBUTE TO DEAD MEMBER

Plans for work the coming year were tentatively discussed at a meeting of the executive committee of the Federated Brotherhood Monday night, and a few resolutions were adopted. One was a tribute of respect to J. Preston Fansett, whose untimely death occurred that afternoon. He had been a member of the executive committee of the brotherhood, a teacher in the First Methodist Sunday school and had always shown his interest in Christian activities in practical ways. Another resolution commended the work of former City Manager T. W. Watson, in the upbuilding of the city and for his loyalty to the best interests of the community.

The program for the annual men's banquet of the Federated Brotherhood to be held in October, was another matter considered.

Members present were admonished to use every effort to secure a large Glendale delegation to attend the John Brown evangelistic meeting Friday evening, which will be Glendale night. For the information of those unacquainted with the route by which the tabernacle can be reached, it was stated the nearest way from Glendale will be by way of the plaza, then out Central avenue to the corner of Vernon, which will land the motorist very near McKinley avenue, where the tabernacle is located.

SPEED COPS BUSY ROUNDING UP VIOLATORS

Just 50 citations to alleged violators of the traffic laws, to appear before Judge Lowe Friday, were on his desk this morning, and with two more days to work, the speed cops may have as many more by tomorrow night. By far the larger number cited for any one offense is for defective lighting systems, many having plain glass lenses, some improper adjustment and others bulbs of too great candlepower, causing an intolerable glare and many accidents. A very few of the cases are for exceeding the speed limit, but many for open mufflers. Some few are for turning between intersections. Many arrests are likely in the near future for the two latter offenses, which are of daily occurrence. The no-parking ordinance gets several of them, also, and not all of them non-residents, either.

INCREASED GAS SALES SHOW CITY'S GROWTH

W. R. Phelon, district manager for the Southern California Gas Company, says that never in the history of the company's operations in Glendale has so much gas been consumed during the months of July and August as has been consumed this year.

"Usually July and August are the slowest months of the year," says Mr. Phelon. "During these months quite a few residents of the city, are away on their vacations and, too, it takes less gas to do the same amount of work in summer than it does in winter. Usually these are our dull months, but this year they have proved anything but dull. Naturally we are very much pleased to find such a large volume of summer business on our books."

The Daily Press boys won, 21 to 8, with Jack Fambrough, carrier on route 6, in the box. Fred Lindhorst, route 15, swung on the sphere for a "Babe Ruth special."

South Glendale Wants Light
South Glendale is beginning to be dissatisfied with the single globe lighting system, put in by the Tropic city government. L. Sturges, and sister, Miss Hazel Sturges, of this city. An operation took place yesterday, the surgeons finding quite serious conditions.

Mrs. G. J. Oliver, sister of Harold, has heard nothing today relative to his condition, and is hoping that no news is good news. Marguerite Sturges left today for Loma Linda to help her sister Hazel in the care of Harold. Both young women are professional nurses.

REALTY MAN BOOSTER FOR SOUTH GLENDALE

George E. Schram, who recently opened one of the largest real estate offices in South Glendale, is very enthusiastic about the growth of that section.

He says that except for a few places where the values are inflated, prices are back to normal and that with a few improvements in street lighting, an electric fire alarm system and some cleaning up among the business establishments, Tropic will see the greatest boom it has ever seen.

EXCELSIOR SPRINGS COUPLE MOVE HERE

Virgil B. Stone, who came to Glendale recently, with his wife, to locate, is a grandnephew of Barton W.
